Fish Calls For Community Session To Hear, Vote On By-Laws Of New 'Chest' Which Will Merge Five Areas

A complete overhaul of aims, purposes and activities of the present Campbell Community Chest will be the object of the community-wide meeting to be held Tuesday, April 5, at 8 p.m. in the Campbell Union High school Little Theater, announced President Ray Fish today. He will call for representatives from all service clubs and youth organizations within a six-mile area radius for the session.

Prime purpose of the meeting is to hear and vote on the proposed constitution and by-laws to be submitted to the group by Fish. If the constitution is accepted, the new name of the Community Chest will be Community Youth Fund.

"The primary object of this organization shall be to establish and provide an efficient, practical and cooperative mode of conducting community campaigns," said Fish, "to raise funds in Campbell, Cambrian, Beverly-Burbank, Moreland and San Tomas vicinities for the budgets of its agency members."

Many groups in Campbell have expressed the desire that the Community Chest set-up be re-organized and streamlined into a smoother operating group. If the by-laws are passed at this meeting the five communities will merge their fund raising activities into the Community Youth Fund with a president, vice-president, secretary-treasurer and board of directors. Each community that has an agency that conducts public campaign funds would send two delegates to the central Board of Directors to serve for a two-year rotating period.

Eligible for membership in the new organization under the by-laws would be "any agency, institution, or organization engaged in charitable, health, relief, recreational, education or welfare work in Campbell, Beverly-Burbank, Cambrian, Moreland or San Tomas vicinity that accepts the agreement with agency membership and may be admitted by a majority vote of the board of directors."

The by-laws are flexible and of course not in the final form, said the Community Chest president. Corrections and revisions are to be expected and this meeting will serve that particular purpose, he added.

"Under the new set-up a director would be expected to serve his two-year term only," said Fish. "Many times, in campaigns in the past a resident is asked to serve on a certain campaign drive and then is repeatedly called upon year after year. In this new organization a director would serve his term of office only and then would be considered to have fulfilled his duty. He would not be asked, or allowed, to serve again."

By merging into one large organization each agency would agree to conduct no benefits, campaigns, or solicitations for financial assistance except with the consent first obtained by the board of directors of the organization.

If the need arises the organization could extend its activities, said Fish, at the discretion of the board of directors, to include in its community campaigns special local projects and national and international relief and social agencies, and may disburse funds to or for such projects and agencies whether included in its community campaigns or not.

"We want to urge all organizations in the five community areas affected by this merger to be sure that their representatives are on hand for this all-important meeting," said Fish. "Service clubs and youth organizations should delegate representatives immediately so that they will be sure to have sufficient representation when the by-laws go up for approval and final vote."

Mrs. Ray Martin Heads Local Group Of Volunteer Workers For Los Gatos Concert Series Membership Drive

Mrs. Ray Martin, Campbell, has been appointed local chairman of the Los Gatos Concert Series Association membership campaign from March 28 to April 2. Membership in the organization will be open only during those dates.

Assisting Mrs. Martin in Campbell are Mrs. Florence Peake and Mrs. Ray Fish. They will help workers in Saratoga and Los Gatos during the campaign week. Membership closes when the group reaches 830, the seating capacity of the Los Gatos High school auditorium where the concert series are held.

Next week is Community Concert Week in Los Gatos and the surrounding area, according to an announcement made by Dr. Gustave Fassin, president of the local association. The purpose of this year's drive, as in other years, is to accept renewal memberships from past subscribers and enroll new members. This season the Association presented such memorable attractions as Primrose, reputedly the world's greatest violinist.

Attendance at the concerts is by membership only, it was pointed out by Mrs. John Morrow, the general chairman of the campaign. Those who wish to subscribe may contact local workers or offices at the Morton Harvey Studios, Santa Cruz avenue, Los Gatos.

"No box office admissions to any of the concerts will be sold," said Mrs. Morrow, "since the artists who appear in the series are selected according to the number of subscriptions obtained during the drive."

Interest in the concerts has been widespread throughout Campbell, Los Gatos, Saratoga and surrounding areas and artists have played to near capacity audiences.

The drive is being carried on by a large group of volunteer workers. The campaign will close Saturday, April 2, at 5 p.m., after which no new memberships can be accepted until next season. The artists to appear in the coming season will be chosen at the close of the drive.

Shuey To Assist On Local Group For New Building

William Shuey, principal of San Tomas school, will assist on the local committee of the state-wide campaign to raise funds for a new University YMCA building near the Berkeley campus of the University of California, Robert Gordon Sproul, president of the University and honorary chairman of the YMCA campaign, announced this week. District chairman of the campaign is George Grupp of San Jose.

Other assistants on the local committee are Leon Tichinin and Bert Morris of San Jose.

"The present plight of the University Y is due in considerable part to the University itself," Sproul explained in urging support of the appeal for funds. "Campus expansion in the early '30s forced the removal of Stiles Hall from the site which it had occupied for 40 years. And now, within a short time, the present Stiles Hall will have to be moved for similar reasons.

"I hope this second move may prove to be a blessing in disguise, as it will be if the friends of the Y will rally around and contribute generously to provide the kind of home it needs and deserves," he concluded. Sproul was a student president of the Y.

The new building, a memorial to students lost in World War II, will be erected on the southeast corner of Bancroft Way and Dana street, just one block from its original site.

Other leasers for the Stiles Hall Memorial Building Fund are: Monroe E. Deutsch, vice-president and provost emeritus of the University; Judge Stanley N. Barnes, past president of the California Alumni Association; Brutus Hamilton, track coach and director of intercollegiate athletics at Berkeley; and Richard H. Chamberlain, chief assistant district attorney of Alameda county.

West Valley Plans Not Affected By County Appeal

"Santa Clara County Supervisors' application for funds for a 200-bed hospital wing will not affect the West Valley Hospital plans," said President Herbert Shadle, of the West Valley Hospital District, this week. "Although the supervisors are applying for federal and state funds for the county we feel sure that they will accept our application too when the time comes," he said.

The county wing will provide space for 200 general patients and will be just an addition to the regular county hospital, Shadle said. "However, the West Valley proposed hospital would be built to serve residents in the Campbell, Los Gatos and Saratoga districts and the other areas that voted for its formation."

"Of course there is just so much money in the state for aid to hospitals," he explained. "Someone will get the aid while others will be turned down. We'll just have to wait and see."

Board of Directors of the West Valley hospital district will meet for their regular monthly meeting Monday, April 4, at 7:30 p.m. in the office of George Stepovich in Los Gatos. The meetings are all open to the public, Shadle said.

YOUNGSTERS BATTLE FOR FIRST PLACE HONORS IN PRESS CONTEST TO ADD NEW SUBSCRIBERS TO PAPER

Fighting it out for first place honors in the near two-week-old subscription campaign for the Campbell Press are Pete Vossler and Letitia Reagle. Both youngsters are nip and tuck in the battle to win the first prize Columbia bicycle with Pete having a slight edge. The campaign to add new subscribers to the Press opened March 15 and will run through May 16.

Twenty-two youths in Campbell received the final go-ahead from their parents to scurry around Campbell and vicinity to sell old and new subscribers the paper. Official receipt books are issued to the children. Residents are asked by campaign manager Joe Anello to be sure to ask the youngster selling them a subscription for an official receipt.

Pete and Letitia have been haunting the Press offices the last few days turning in their money as they collect it. Each junior salesman is given a 75 cent commission on every $2.50 subscription he sells. Letitia is the only girl entered in the contest.

"This is just the start of the contest," staid Anello. "All the youngsters in the community have an equal chance to run as long as they stay in the race and hustle. None of the entrants are limited to a certain area so they may cover as much or as little therritory as they choose. Money collected may be brought into the Press office at any time and the commission will be paid."

If the resident doesn't get his paper immediately after subscribing, there's probably only one answer, said Anello. The youngster hasn't turned in his new subscribers to the Press office. But as soon as the boy or girl turns in the name and the money, the subscriber's name will ben entered in the books and the next edition of the Campbell Press after that date will be mailed to him.

"Subscriptions for one year are $2.50," said Anello. "All of the subscriptions are paid in advance. If more than one eager youngster comes to your door, as they undoubtedly will, give him a break. They all want to win those prizes."

Second prize for the contest are two pair of genuine leather boxing gloves and third prize is a complete archery set. All contestants selling five or more subscriptions will be treated by the Press to a big beach-picnic sometime in May.

"If you haven't already subscribed to the Press now is the time to do so," the manager said. "If you subscribe during the campaign months you'll be able to help your favorite junior salesman win the contest And if you already have subscribed then tell the next youngster at your door of a friend that has not yet bought his subscription. It will help the kids a great deal.

"Marion doesn't know herself the nature of her duties on this mission," said Mrs. Peake. "However, she will receive instructions just as soon as she arrives in Germany."

Miss Peake will work with the U. S. Army in Europe for the next two years. When she returned to Campbell in December she had just completed a five month pleasure cruise of Europe. While she was home she addressed many of the local clubs telling her experiences while in the various countries.

SPOTLIGHTING SPORTS

By MARV SCARPER

After two weeks of almost constant rain the fair weather is welcomed with open arms by the coaching staff at Campbell High. The baseball team especially was hard hit by the rain as they were able to play only three exhibition games before the league play opened Tuesday.

In their opening game of the season, the Bucs went down to defeat 18-12 at the hands of Santa Cruz. John Oldham, Frank Lobrovich and Ray Horio were sent to the mound for the Bucs.

In the second and third games the Bucs were much more successful. The Red and Blue took the San Jose High sophomores 4-3 and tied the Lincoln sophomores on successive days last week. The Buc pitching has improved very much in the last week, as against Lincoln the Buc pitchers allowed only two hits. Frank Lobrovitch went four innings without giving up a single hit. Johnny Oldham replaced him in the fifth inning and was nicked for two hits but showed old form by striking out seven Lincoln batters. Oliver Price pounded out the first home run of the season to give the Bucs their margin of victory.

* * *

Track season really gets under way next week when the Bucs start their league dual meets April 1. A sneak preview will be held for all SCVAL schools when the Fremont Relays are held this afternoon on the Indians' oval.

Most promising outlook on the whole track squad is the class A high jump with two varsity and two 130 lettermen returning. Heading the jumpers is Don Morley, 130 champ, from last year. Dan Forrest, Ron Cantoni and Don Estrada complete the jumpers. The failure of Jim Berger and Elson Sylva to turn out for track hurt the Campbell squad quite a bit. Berger was varsity mile champ last year and Sylva was an outstanding quarter miler, winning a place in the finals ever since his freshman year.

* * *

Tennis got under way quite a while ago and Coach Harold Drummond's tennis squad is coming right along. Last week the Bucs took Lincoln 5-1 in a dual match. Lettermen returning from last year's squad are Minouro Yamate, Harold Taylor, Dudley Herschback and Dave Baxter. Other boys from last year's squad making good this year are Tom Barton and Jim Hearon. Hearon, who plays first doubles, has been, up to this time, undefeated in match play. He's teamed with Dave Baxter and Harry Walters to win three straight matches. The Bucs have only one senior on the squad this year and should be a plenty potent outfit come 1950 if not this year.

NOTES FROM THE NOTEBOOK

The Buc's baseball squad plays seven out of their 15 game schedule at home. All home games start at 3:15 p.m. The Bucs play Los Gatos there March 29 and return home March 31 for a game with Washington High.

Bert Robinson, Former Campbell High School Star Athlete, Will Join Coaching Staff Here In Fall

Bert Robinson, popular Bakersfield Junior college coach, and former Campbell High school athletic star, will join the coaching staff of the local high school in September of this year, announced Laurance J. Hill, principal, yesterday.

Robinson will assume the duties of varsity basketball coach and will assist Bill Perry, a former teammate at San Jose State college, with football. Perry moves up to head football coach in the fall.

Robinson graduated from Campbell High in June, 1939. He then moved to San Jose State college where he starred both on the gridiron and basketball court. He has been coaching at Bakersfield for the past two years and has directed his basketball teams to the national junior college playoffs both seasons. He was also varsity football mentor.

"We are happy to get Bert Robinson on our coaching staff," said Hill. "He has made an excellent record for himself."

Perry, present basketball coach, will assist Robinson with basketball duties in addition to his new job as head grid coach. Both positions become effective at the start of fall term in September.

School Track Team To Fremont Relays

If the weather holds Coach Bill Perry will take 30 trackmen from Campbell High to Sunnyvale today for the Santa Clara Valley Athletic league opener. The Fremont Relays, which will consist of running events only, gets under way at 3:30 p.m.

Other schools who will enter the opener for the SCVAL track season are Mountain View, Santa Clara and Fremont. Gilroy and Los Gatos may also compete.

"Because of inclement weather the track team has been hampered a great deal in their training," said Perry. "However we have been holding workouts inside and will continue to do so until the weather allows for outdoor practice."

Fidelis Theta Rho Sponsors Gay Fashion-Tea Using Circus Theme

Using a gay red and white color motif and a Circus theme, the Fidelis Theta Rho group held their fashion-tea to the delight of approximately 50 guests Saturday in the IOOF hall. Fashion commentator for the afternoon was Ruth Johnson. All clothing was furnished by Rachel's of Campbell.

The room was covered with red and white streamers through which peeked many colorful balloons. The show, which took at its theme "When the Circus Comes to Town" carried out the theme from fashion to refreshments.

Models for the show were all members of Theta Rho. They were Misses Joan Schroder, Jeanne Jensen, Margaret Robertson, Virginia Stanton, Frances Hollingshead, Marilyn Derry, Barbara Wood, Jackie LeKang and Sally Seacord. Barbara Ehrsam provided popular musical selections for the show.

The models entered the room and ascended a platform where they first modeled their attire. Then they descended and walked around the room, in between tables, showing their outfits to those present.

Sport clothing occupied the first part of the show. Bathing suits, one of the most popular items, climaxed the first half. The final half displayed for the guests the latest ready-to-wear for all dressy occasions.

Tea and coffee were served at the show. In addition each guest received a piece of cake which had been frosted and decorated with tiny red and yellow colored sugar balloons.

Dot Holman was general chairman for the show assisted by Jean Richardson and Patricia Phillips, reception; Delores Laundrie, decorations; and Dorothy Root, refreshments. Mrs. Ray Gilpatrick handled the tickets for the girls.

'Fashion Sketches' To Feature Varied Costumes

Costumes for the varied activities of the day will be mirrored in "Fashion Sketches," benefit fashion show to be presented by the recent graduates of the American Association of University Women.

"Fashion Sketches' 'will be held in the Garden theater at Montalvo, Saturday, April 9, at 2 p.m., and the proceeds of the benefit will be given to the Campbell Recreation center, Los Gatos Parent Nursery school, and the Saratoga Youth Center.

Campbell women are serving on the committee for the affair and will represent this town as models. Merchants who are cooperating with the recent graduate group in presenting the fashion show are the Town and Country and Calico shops in Los Gatos, Peter Pan and Eunice Shaw in San Jose. In addition to the latest styles of spring, original custom made jewelry by Mrs. Benjamin Polk of San Francisco will be displayed.

Mrs. George E. Cooper of Saratoga, chairman of the benefit, has announced that the following members of the A.A.U.W. will act as models: Mesdames Homer Hyde, L. N. McKown, Buford Payne, McSwain Jones, John S. Langwill, Harry D. Warner, Gordon Hunter, William Dussell, and Frank E. Hawkes.

Children of members who will participate are Kathie Hyde, Peter Garrod, Skip McLaughlin, Robin Fisher, Dick Walker, Keith Matheny and Michael and Eilen Hawkes.

Mrs. Bessie Porter Speaks At Meeting Of Service Guild

Mrs. Bessie Porter, pediatric ward school teacher, was speaker at the regular monthly meeting of the Children Service Guild March 17 in the North Hall at the Santa Clara County hospital.

At the meeting Mrs. Porter explained what the state laws are on the schooling of sick and crippled children and how attendance records are kept in minutes rather than in days attended. She expressed the desire that everyone should know of the visiting teacher whom the state supplies for those at home unable to attend school.

Although school work is kept up Mrs. Porter is especially interested in helping the children make things. A great many projects that the children had made were displayed.

During the business meeting the by-laws were changed so as to include men into the membership. The group also decided to buy a radio for the children. Records to be bought in the future were discussed.

The play ladies are going to help the children make muslin picture books. Scraps of flannel were asked for by Mrs. Mae Nankill who is making booties and caps for the children.

News from ORCHARD CITY GRANGE

By ROBERT WURFER, Sr.

Orchard City Grange 333 had another very interesting evening March 22. The lecturer Youngclaus introduced Mr. M. S. Beckley, assistant farm advisor of the Santa Clara county agricultural extension service, U. S. Department of Agriculture and University of California. Very many free services and bulletins are available to farmers and communities, he said. Mr. Beckley explained about the many different types of soils, irrigation and fertilizer requirements. Following this talk he showed color moving pictures on soil conservation, which is most vital to our national well-being.

After opening the meeting for the business the Worthy Master Martin Walsh greeted the visitors. They were Pomona Master Charles Swanson, Pomona HEC chairman Mrs. E. C. Swanson, George T. Gordon of Aloha Grange near Portland, Oregon, who is visiting his brother, and our well-known member of Orchard City Grange John Gordan.

Mr. L. Hill, principal of Campbell Union High school, gave a very interesting report on school activities and programs concerning the future of the schools. He also mentioned that the number of high school students doubled in the last two years.

Several important communications from the National Grange were read by H. Shadle, secretary. One of the communications concerned the nationwide essay contest on "Conservation of Our Soil Resources" open to young men and women through 20 years of age, regardless of Grange membership. Many worthwhile prizes will be given to several winners.

Another important announcement is the National Grange History book covering an 80-year period of Grange history and achievements. It is available through the subordinate granges at a reduced price or individual copies at $3.50.

Mrs. M. Walsh, HEC chairman, announced the next meeting at the home of Mrs. H. Shadle on April 8.

Pomona Master C. Swanson gave a short report and announced the next Pomona meeting to obe at Gilroy Grange on April 2. Pomona HEC chairman Mrs. Swanson also gave an interesting report announcing the next Pomona HEC meets at Sunnyvale First Congregational church on March 30. Our next meeting will be April 12 which is annual Past Master's Night.

The refreshment committee, chairman Mrs. Gordon, John Gordon, Mrs. Alice Newcomb and Mrs. Pauline Stojandvitch served hot cross buns and jam, coffee or tea. The tables were beautifully decorated.

Explorer Scouts Take Snow Trip To Yosemite, Pass

Skiing and hiking were the rule of the day for the Explorer Scouts, Post 1, Campbell-Los Gatos, when they travelled to Yosemite and Badger Pass last weekend.

A group of eight scouts and two adult leaders left Friday afternoon, arriving at Yosemite Friday evening. After staying overnight in the cabins at Yosemite Lodge the group left for the snow fields at Badger Pass for a day of skiing. The group left for home Sunday.

Making the trip to the snow were Don Morley, Ralph Marsh, Al Lloyd, Tom Schoonover, Jay Martin, Bob O'Brien, Marv Scarper and Lon Polk. Accompanying the group were advisors Robert McArthur and Albert Smith.

The Scouts of Post 1 are now busy preparing for the Scout Circus to be held in the Civic auditorium April 1-2. They plan to enter their record breaking tower building exhibition.

On the summer agenda for the Scouts is a pack trip to the Sierras. The boys have also been doing work at the Stuart Scout ranch under the direction of Field Executive Ken Robison.

Post 1 is open to all boys 15 years old or over whether they have been scouts previously or not. The only requirement is that the boys must be willing to work and have a lively interest in scout activities. At present the Post is building its own log cabin in which to meet.

Big Scout Circus Opens April 1 In Civic Auditorium

With the Big Scout Circus only two weeks away the 90 Cub Packs, Scout Troops and Senior Scout units throughout the Santa Clara county are busy preparing for this big event.

The Circus will be held at the Municipal Auditorium in San Jose, Friday and Saturday evenings, April 1 and 2, with all Units participating.

The program will start with a grand opening with over 1000 boys in the line of march. After the opening ceremonies the public will be entertained for an hour and a half program showing Cub Scouts, Boy Scouts and Senior Scouts in action. In the three rings there will be Indian Dances, Clown Acts, Knot-tying events, a Dragon Act, First Aid Demonstration and many more interesting and entertaining acts staged by 32 units of the Council.

The Circus is being sponsored by the San Jose Junior Chamber of Commerce and an active committee has been hard at work completing plans for the two nights of action. Ticket sales by the units are already under way and advance sales indicate a record attendance. Each Unit will share in the profits of the show with a portion going to the Council Camping and Activities Comomittee to assist in their work. Ticket chairman Bob Mason pointed out the fact none of the money received would go to the Council for their operating budget.

The general public is invited to attend this county-wide Scouting event.

Local Church To Hold Special Meet To Hear Whittaker

A special meeting will be held at the Congregational church Sunday evening, April 3, to hear Dr. Robert B. Whittaker, missionary in North China, speak. Time of the meeting will be announced later according to the Rev. Corwin Olds, Congregational minister.

What the Communists are doing in North China will be told by Dr. Whittaker. Dr. and Mrs. Whittaker have been long-time Congregational missionaries in North China. They returned to resume their work after the war, but were evacuated recently in the face of Communist advance because conditions of health did not permit them to stay at their posts under uncertain conditions.

Friendly Circle Holds Meeting, Makes Year Plans

Members of the Friendly Circle, Methodist church, met for a regular monthly meeting Tuesday afternoon at the church. Hostesses for the afternoon were Mrs. George Beard and Mrs. J. C. Hummel.

The purpose of this game is to get together the baseball talent for the men's club so as to meet in the competition in the spring Twilight league.

According to Dick Owens, who is the team manager, "We want to find out at the game Sunday who the baseball players are so that we can build our team from them. Much interest has been shown in the contest and unless it rains over the weekend we should have a good turnout and a good time."

Large Crowd Turns Out For Men's Club Whist Card Party

"The Whist party sponsored by St. Lucy's Men's club was a huge success," said Norm Corvello, chairman of the affair that was held at the Parish Hall Thursday, March 17. Guests had to be seated in the small adjoining hall as the main room was completely filled, the chairman said.

"We want especially to thank the merchants of Campbell who so generously contributed prizes for the party," said Corvello. "We really had excellent prizes to offer and they were all donated by the local merchants."

Door prize was a huge bag of groceries while a lamp was given to the first prize winner of the party. A huge 12 pound ham was raffled off at the affair.

Assisting Corvello with arrangements for the St. Patrick's card party were Joe Fite, Budd Levenberg, Joe McNally and Martin Walsh.

President of St. Lucy's Men's club is Ira Grim. Other officers are Cel Gerevas, vice-president; Jose Holmes, secretary-treasurer; and Martin Walsh, chairman of the board of directors.

Next meeting of the club will be held April 19 in the Parish hall. All men are invited to attend.

How to make and use a pressing roll will also be shown.

No child care will be provided at this last meeting of the season but all women are invited to attend.

YOUR PHOTOGRAPHY

By BERNARD BARRETT

Several columns ago it was pointed out that the advent of the photoelectric exposure meter solved almost all of the mechanical problems of determining exposure. However, too many amateurs thought the meter could think for them as well. Hence, he got no better exposures than without the use of one and the photographer was very disgruntled, having parted with a considerable portion of his pay check and not getting in return the expected results. Even with the use of a meter, you still must use your brain to gain the optimum results.

Before going into the mysteries of an exposure meter's use, it would be well to understand something about them. Briefly, there are three parts to it:

1. An element to measure light: the photoelectric cell.

2. An instrument electrically controlled to measure current proportional to light intensity.

3. A measured gauge to interpret the light measurement, film speeds and camera settings. This is the exposure guide dial.

The photoelectric cell's purpose is to change light energy into electrical energy. This current in proportional to the light intensity falling upon the cell. Connected to this cell is an instrument which automatically calculates this current and gives a reading in light values.

To apply this light value to your camera, an exposure guide dial is provided for quick, easy reading. This dial correlates all the information gathered by the photoelectric cell and by proper adjustment of the dial, a wide choice of exposure controls are available. A further explanation of these parts of a photoelectric exposure meter will be carried on next week, with an explanation of how the cell has been adapted to the varying degrees of light intensity.

Cambrian Pack 10 Plays Host Tonite At Potluck Dinner

Over 125 parents and cub scouts of Pack 10, Cambrian, are expected to attend the troop's Charter Potluck dinner at the Cambrian school tonight at 6:30 p.m. On hand to greet the guests will be den mothers Mrs. J. O. Dohoney, Mrs. Vivian Nielson and Mrs. Mary Battaglia.

Scout officials from San Jose and surrounding areas will be present to speak to the parents and cub scouts.

Dens 1, 2, and 3 of Pack 10 will participate in the big Scout Circus coming April 1-2 at the Civic auditorium in San Jose. The Cambrian group will take on western appearances for their part in the three ring circus. Some of the boys will dress as cowboys, others as Indians, while still others will dress as travellers complete with their covered wagons.

Miss Ruth Metzker's class has been making scrapbooks that should add to the general health of the boys and girls in the class. These scrapbooks have as their theme healthful meals. The children cut out magazine pictures of the things that go to make up a good breakfast, a good lunch and finally a good dinner. The children have completed their picture cut-outs for the breakfast pages and the books will soon be completed. The interest in these scrapbooks is high and the increasing knowledge of the children in the matter of good food for good health shows the benefits gained from this activity.

The Junior Red Cross has been conducting its drive for funds at the same time that donations are being made to the Senior Red Cross Drive. The children of San Tomas deserve a lot of credit for their enthusiastic response to the appeal. A total of $12.35 from the children represents quite a bit of self-denial and spending money saved for a worthy cause. Mrs. Anna Marie Schafer's third grade class turned in the largest donation of any of the rooms in the school. The staff of the school turned in a generous contribution to the Senior Red Cross drive.

Staffelbach Tells How To Reorganize School Districts

Reorganization of the Santa Clara County School districts into 10 unified high school districts was the subject of the speech presented March 17 in the Campbell Union High school by Dr. Elmer H. Staffelbach to local educators. Dr. Staffelbach addressed members of Phi Delta Kappa, honorary education organization.

Staffelbach is now chairman of the Regional Survey Committee of the State Commission of School Districts. He was formerlyhead of San Jose State college education department.

Staffelbach explained that his reorganization plan followed lines of thinking of the Local Survey committee and carried out policies of the state commission.

The districts Dr. Staffelbach included in his reorganization plan were the existing San Jose and Palo Alto districts and those of Campbell, Mountain View-Los Altos, Sunnyvale-Cupertino, Santa Clara, Los Gatos, Morgan Hill and Gilroy. Every school in the county would be included in a unified district, Staffelbach explained.

Reorganization would bring about two distinct benefits, the speaker said. One benefit would be "internal services" which a district could render itself by virtue of a wider scope under the administration of one staff and one school board for kindergartens, elementary and high schools.

Second benefit would be the pooling of interests which would be centered in the county superintendent's office. Services could be rendered on a county basis, the county superintendent acting as a coordinator between districts and the State Department of Education.

As a result of this, districts would work together on planning curriculum and other instructional matters and would be in the position to provide their own libraries, audio-visual aids, recreation and special services for handicapped children and others.

Nat'l Radio Show 'One Great Hour' Will Feature Life Drama On Why Church Contributions Are Needed

"One Great Hour," a radio program designed to dramatize true-life examples of the many vitally important types of work now being done through churches and church organizations in Europe and Asia, will be heard over every one of the 1092 stations of the four major networks Saturday from 8-9 p.m., Eastern Standard Time.

The radio show, featuring great names, living drama, and great music, will be sponsored by the Congregational Christian church and more than 20 other Protestant, Anglican, Eastern Orthodox, and Roman Catholic churches. It will be designed specifically to raise more than ten million dollars for world relief in thousands of churches Sunday, March 27.

Local clergymen are urging their congregations to listen to this broadcast. It is supported wholeheartedly by Campbell churchmen as well as by churchmen in the entire country.

The program, originating in New York, will give an audience of some fifty million listeners a clear idea of just why contributions are so necessary right now for the overseas work of the world united in this great effort.

San Francisco stations that will broadcast the show include stations KGO, 7-8 p.m.; KQW, 7-8 p.m., and KFRC, 10-11 p.m. Consult radio guide for time of local station broadcasts.
